WE'RE SMART® WORLD

Frank Fol
founder We're Smart World

DNA: We're Smart® World - We're Smart® Green Guide

Are you looking for a restaurant where fruit and vegetables are the main event? If so, We're Smart® Green Guide is just what you need. We're Smart® World aims to bring together people and organisations that share a healthy, ecological and sustainable attitude, be it in the food sector or elsewhere. The goal is to learn from one another ("We're") and to support one another in the quest to help our communities develop more intelligent solutions ("Smart") for our bodies, for nature and for the planet ("World"). Ranking: from 1 to 5 radishes, or NEW from 2021 a symbolic Radish leaf.

**the road to and solutions for a
healthier and better world**

WE'RE SMART®

FUTURE AWARD WINNERS 2022

The We're Smart® World Future Awards are part of the annual search for companies that make a difference. Think of companies that help people eat more fruit and vegetables or producers of sustainable packaging, businesses that develop new fruit and vegetable-based innovations or that promote a healthier lifestyle... Basically any company that launches exceptional products, innovations or other projects for a healthier, more ecological and more sustainable lifestyle can be nominated for a We're Smart® Future Award.

WE'RE SMART® GREEN GUIDE 2022

BEST VEGETABLES RESTAURANTS

Every year, We're Smart® World publishes the online gastronomic guide We're Smart® Green Guide. The guide groups together restaurants, businesses and organisations from around the world that put We're Smart® World's Think Vegetables! Think Fruit! philosophy into practice. It also touches upon numerous ecological and social criteria such as the use of local and seasonal produce, consumption of water and energy, working conditions, etc. on the basis of clear and transparent parameters.

The We're Smart® Green Guide has grown exponentially over the past few years. What began as a culinary guide of vegetables restaurants in the Benelux now contains reviews and ratings for around 1000 restaurants in over 40 countries worldwide. As such, the We're Smart® Green Guide has become the no. 1 authoritative reference for fruit and vegetable lovers around the world.

The We're Smart® Green Guide includes separate sections for culinary restaurants on the one hand and food concepts such as chains and catering on the other hand. The restaurants are given a rating from 1 to 5 radishes while the other food concepts are recognized with the radish leaf symbol. A vegan symbol is also used.

DISCOVERY AWARD WINNERS 2022

BEST VEGETABLES RESTAURANTS

Every year, the We're Smart® Green Guide recognizes the efforts of new or recently opened restaurants. **The Discovery of the Year award** is only presented in countries that have at least 3 new discoveries with 4 radishes or higher. This year we have awarded 13 restaurants from 13 countries.
