Responsability

Binu[®]
a Beyond Seeds product

For the
Consumer

You've never tried anything like BÍNU™

Discover a new concept of
vegetable. BÍNU is not a flower,
nor a fruit: it is **pumpkin flower
buds collected prior to anthesis**.

Cellbitech
Foundation
Responsibility

Binu®
a Beyond Seeds product

Three flavors and textures in a single vegetable

BÍNU surprises with its incredible proposal. The different parts of the pumpkin yolk provide a play of **unique textures and flavors in the mouth.**

BÍNU™ has a highly nutritious content

BÍNU has a **high protein content** within the cucurbitaceae family.

As it is the plant's reserve, it will be rich in other components such as **minerals** and **secondary metabolites**.
